Subject: Fund the Lynn Canal Highway!!!!!!

Hello,
I would like to see the Lynn Canal Highway built ASAP. There are a number of important reasons that should give the Lynn Canal top priority:

1. Alaskan's need cheap/reliable access to their capital.
2. A capital move is not cost effective and on top of that it would kill Juneau economy.
3. Juneau residents will benefit from increased tourism, lower shipping cost, increased flexibility in travel, cheaper travel, and increased land access for city expansion.
4. We need to eliminate unneeded Fairy routes to save money, and to increase reliability of services. Fairies have high maintenance cost, fairies are not reliable, fairies are expensive to operate (especially with fuel prices), and a misappropriated amount of our State transportation budget goes too subsidizing fairies.
5. The long term the cost of building and maintaining a road is a significant cost savings to the State when compared to long term operating costs of fairies.
6. I believe the environmental impact is actually reduced if you look at the output of pollution released by the fairies into the atmosphere.

Please build it now we can't afford to wait!!!!!!!!!!!!

Lake Williams,
Concerned Citizen/Born and raised Alaskan
